

**AWASH WITH BEAUTY:**  
Edwins offer traditional and contemporary styles

"EDWINS' WEALTH OF EXPERIENCE AND KNOWLEDGE WITHIN THE INDUSTRY WILL ASSIST YOU WITH IDEAS FROM CONCEPTION TO COMPLETION"

Trends come and go but Edwins Bathrooms remain the one-stop shop in the plumbing, heating and wellness industry

## BATHE IN REFLECTED GLORY

**EDWINS BATHROOMS** have seen trends change dramatically over the past three decades. Originally leading the way within the plumbing and heating sector with their trade counter, they are now doing the same within the bathroom industry from their three established showrooms in the heart of Notting Hill, London.

Trends come and go but they always have key elements: whether you prefer traditional, such as the La Chapelle Marble Console, or contemporary, such as a designer *Handmade* bath, Edwins have it all.

In a very competitive market, Edwins' wealth of experience and knowledge within the industry will assist you with your ideas from conception to completion. Recently, the dedicated traditional showroom has been undergoing a refit to include new ranges from Lefroy Brooks which are exclusively on display to a limited few within the UK. Villeroy & Boch and Vola displays have also been updated to showcase products that stand the test of time.

The spa and wellness

showroom showcases luxury items such as hydrotherapy baths, steam rooms, saunas, sensory water technology, UV/IR showers and massage systems. There is also a great selection of smaller luxury items, ranging from waterproof TVs to radiators finished in gold leaf.

Edwins are possibly the only retailer in the UK that will close its spa and wellness-specific showroom by appointment to allow potential clients to try out products before they buy. Refreshments, a changing area, gowns, slippers and towels are available with smart glass and curtains to keep the whole showroom experience private.

An experienced team are on hand to walk you through all of the products, which are sourced from high-end brands such as Bongio, Dornbracht, Effegibi, Treesse, Ypsilon and Vola — which can be hard to find.

Edwins' involvement in specifications has increased dramatically in the past three years, with a dedicated department to look after any residential or commercial

projects from the early stages of planning to completion. The specifications team has become an essential tool for architects and interior designers across the UK. **A**

*Edwins is a one-stop shop within the plumbing and heating, bathroom and wellness industry and is one of the UK's best-kept secrets. For more information, visit [edwinsbathrooms.co.uk](http://edwinsbathrooms.co.uk) or call 020 7221 3550*
